

ANNUAL REPORT

Academic Session: July 2023 – June 2024

COURSES

During the academic session 2023–24, Chandigarh College of Pharmacy offered **six academic programmes** comprising B.Pharm, Pharm.D and M.Pharm specializations in Pharmaceutics, Pharmacology, Pharmacy Practice and Regulatory Affairs. The institution continued to provide outcome-based education supported by modern laboratories, research facilities and industry-oriented learning.

RANKINGS

The institution continued its upward trajectory by securing **66th Rank in the National Institutional Ranking Framework (NIRF)** under the Pharmacy category, reflecting significant improvements in teaching-learning, research productivity and institutional performance.

ACADEMIC ACHIEVEMENTS

The college maintained excellent academic standards with an **overall university result of 85%**. Students secured **one University Merit Position**, demonstrating the effectiveness of the institution's academic ecosystem.

STUDENTS' ACHIEVEMENTS

International Achievements

Students actively participated in international academic interactions and scientific forums, enhancing their professional knowledge and global outlook.

National Achievements

Students excelled in literary, scientific and academic competitions by securing **Gold Medals in Debate and Creative Writing, Bronze Medal in Quiz Competition**, First Position in Sohni Gutt Competition and First Position in Mehndi Competition. Several students also participated in Elocution, Poster Making and Poem Recitation competitions at the IKGPTU Youth Festival.

Cultural Achievements

Students secured notable achievements in cultural events including **Second Position in Sanskriti (Live Music Bhangra)**, **Second Position in Western Dance**, **First Position in Women Empowerment Dance Competition**, **Second Position in Navtarang 2K23**, and **First Prize in Dance Competition during World Heart Day celebrations**, reflecting their creativity and cultural excellence.

RESEARCH AND DEVELOPMENT

Research remained a major strength of the institution. Faculty members published **40 research papers**, secured **3 granted patents**, and successfully continued a **DST Sponsored Research Project**, reinforcing the institution's commitment to innovation and high-quality research.

INDUSTRY ASSOCIATIONS

The institution continued to strengthen partnerships with pharmaceutical industries, hospitals and research organizations through industrial visits, collaborative activities, internships, expert lectures and training programmes.

PLACEMENTS

The Placement Cell continued its efforts to provide quality career opportunities to students. During the academic session, **19 companies** participated in campus placements and **60 placement offers**, including self-placed students, were secured.

CONCLUSION

The academic session 2023–24 marked another successful year for Chandigarh College of Pharmacy. Significant improvements in the **NIRF ranking, academic performance, research output, student achievements and placements** reflected the institution's unwavering commitment to excellence. The continued focus on quality education, research and holistic student development strengthened the college's reputation as one of the leading pharmacy institutions in the country.
