VISION

To emerge as the most preferred educational institution with global recognition, developing competent and socially sensitive pharmaceutical professionals committed to excellence.

MISSION

- To create facilities and ambience for advance level of pharmaceutical teaching and practical skills.
- To constantly strive for research, development & innovation in Pharmaceutical Sciences, thereby providing the faculty & students the right platform to showcase their talent & achieve laurels.
- To collaborate with industry, academia, and healthcare organizations that ensures the best placement opportunities, promote entrepreneurial development activities and also provides international exposure.
- To make students socially vibrant and committed Pharmaceutical Professionals.

MESSAGE FROM CAMPUS DIRECTOR

Prof. (Dr.) Rajdeep Singh
Campus Director
CGC Landran, Mohali

I am thrilled to offer my warmest greetings to everyone and take great pride in witnessing another significant phase of our accomplishments and endeavors. It brings immense pleasure to communicate with you through the pages of college magazine. Within these pages you will discover wide ranges of events, experiences and achievements that encapsulate the spirit of our college life from numerous academic successes to a variety of cultural celebrations from noteworthy sports achievements to impactful community outreach initiative each person's contribution reflects their exceptional talents and pursuits.

We must persist in creating an atmosphere of inclusivity, respect and empathy. Let's continue working toward establishing a campus that embraces diverse perspective, where every voice is heard and every idea is appreciated. Through collaborative efforts we can maintain the integrity of our educational institution as well as nurturing environment where intellectual growth thrives and empathy prevails. My sincere gratitude goes to editorial team and all those who have played a part in crafting magazine. Your dedication and hard work have brought this publication to life and I applaud your efforts in preserving the memories of our college in future generations.

In conclusion, I extend my best wishes to every one of you. May this magazine serve as wellspring of inspiration and a reminder of the incredible potential within our college community. Let us always move forward with purpose compassion and a dedication to excellence.

MESSAGE FROM

DIRECTOR PRINCIPAL

Professor (Dr.) Rupinder Kaur Sodhi

DIRECTOR PRINCIPAL
CHANDIGARH COLLEGE OF PHARMACY

Dear Students and Faculty Members,

It gives me immense pleasure to address you through the pages of our esteemed college magazine. This publication not only captures our collective achievements but also serves as a testament to the vibrant spirit of learning and growth that defines our institution.

Academics remain the cornerstone of our institution, and I am delighted to witness the unwavering commitment of our students towards scholarly pursuits. Your hard work and enthusiasm have not only earned accolades but also set new benchmarks for excellence.

Equally commendable are your endeavors beyond academics. The vibrant social interactions, the impactful initiatives of NSS and NCC, the spirit of sportsmanship, and the kaleidoscope of cultural activities reflect the holistic development that we strive to nurture at our college. Each of these facets contributes to shaping well-rounded individuals poised to make meaningful contributions to society.

I urge each one of you to continue embracing opportunities for growth and learning. Let us uphold the values of integrity, discipline, and compassion that define us as a community. Together, let's embark on this journey of knowledge and discovery, paving the way for a brighter future.

I extend my gratitude to the editorial team and all contributors for their dedicated efforts in compiling this magazine. May it inspire and celebrate our collective achievements, fostering a sense of pride and unity among us.

MESSAGE FROM
THE EDITOR'S DESK

Dr. (Mrs.) Supriya Agnihotri
Editor -in-Chief

Dr. Pritam Singh
Assistant Editor

We are delighted to address you through the pages of our esteemed college magazine. As we reflect on the past year, it becomes evident that our journey has been one of resilience, growth, and academic excellence.

Our college community has consistently demonstrated its commitment to innovation and learning despite the challenges we have faced. Whether through groundbreaking research, inspiring community initiatives, or remarkable academic achievements, each of you has contributed significantly to our collective success.

This magazine serves as a testament to our achievements, highlighting the outstanding accomplishments of our students and faculty members. It also stands as a beacon of inspiration for future endeavors and a celebration of the diverse talents within our campus.

I encourage all of you to take a moment to peruse the pages of this magazine, to celebrate our achievements, and to envision the possibilities that lie ahead. Let us continue to strive for excellence, to push the boundaries of knowledge, and to make a positive impact on our society.

Thank you for your dedication and hard work. Together, we will continue to write the story of our college's success.

A Workshop on Design Thinking, Critical Thinking & Innovation Design

Chandigarh College of Pharmacy organized an insightful workshop on Design Thinking, Critical Thinking, and Innovation Design on 9th January 2026 at the CCP Auditorium, starting from 11:00 am onwards. The workshop aimed to introduce students to the principles and stages of design thinking while enhancing teamwork, communication, and brainstorming skills through interactive learning. The session was conducted by Mr. Sonu Bajaj, Founder of WeIncubate, well known for his expertise in design thinking, innovation strategies, and entrepreneurial development. He emphasized human-centered problem solving and encouraged students to think beyond conventional academic boundaries.

Through interactive discussions, real-life examples, case studies, and group activities, students were introduced with structured approaches for problem identification, idea generation, and innovative solution design, particularly relevant to healthcare, pharmacy practice, research, and entrepreneurship.

Fire Safety Training Workshop cum Mock Drill conducted by Chandigarh College of Pharmacy

Chandigarh College of Pharmacy conducted a Fire Safety Training Workshop cum Mock Drill on 13 February 2026. The program aimed to strengthen emergency preparedness among faculty, non-

teaching staff, and students. Its primary objective was to equip participants with comprehensive knowledge of the correct operation of fire extinguishers, appropriate evacuation protocols, and effective response strategies in situations involving fire, smoke, carbon monoxide exposure, or other emergencies. The workshop included a detailed discussion on fire hazards, classification of fires, fire safety measures, fire alarm systems, types and operation of fire extinguishers, and designated fire escape routes. The mock drill provided participants with an opportunity to practice emergency procedures in a simulated yet controlled environment. It also assessed their understanding and ability to execute emergency protocols efficiently, while identifying necessary improvements in response strategies. Practical demonstrations were conducted on the emergency fire action plan, fire information and classifications, as well as fire training and equipment maintenance procedures, thereby strengthening overall campus safety readiness.

An Industrial Visit to Signoret Pharmaceuticals, Pvt. Ltd.

B. Pharmacy 4th semester students of Chandigarh College of Pharmacy, CGC Landran visited Signoret Pharmaceuticals, Pvt. Ltd. Mohali, for an enriching industrial exposure program on 18th February, 2026. The visit offered students' valuable hands-on experience in the manufacturing processes of various Pharmaceutical Dosage forms, including tablets, capsules, and liquid

formulations. This industrial visit provided comprehensive insight into the practical functioning of a pharmaceutical manufacturing unit. During their visit, students observed key stages of drug production and gained a deeper understanding of Good Manufacturing Practices (GMP), Standard Operating Procedures (SOPs), and rigorous quality control systems that ensure product safety, efficacy, and compliance with regulatory standards.

National Pharmacy Education Day 2026 organized by Chandigarh College of Pharmacy

Chandigarh College of Pharmacy, Landran celebrated National Pharmacy Education Day 2026 under the theme “Advancing Pharmacy Education for Better Patient Care” on 6th March 2026. The celebration included a slogan writing competition in which students actively participated and presented meaningful slogans aligned with the theme of the event. It was followed by an Expert Talk and Prize Distribution Ceremony in the college auditorium. The keynote session was delivered by Ms. Deepa, Academic Incharge at Indus International Hospital, Derabassi, who shared valuable insights on the importance of advancing pharmacy education to ensure better patient care and professional excellence. Following the expert talk, prizes and certificates were distributed to the winners of the slogan competition in recognition of their efforts and creativity. Later in the day, a Health Screening Camp was organized on the campus of Chandigarh College of Pharmacy to promote health awareness among students and staff. The event enhanced awareness about the role of pharmacists in healthcare, encouraged student participation in academic activities, and promoted preventive healthcare through health screening and lifestyle counselling.

Chandigarh College of Pharmacy Memorandum of Understanding (MoU) with Nath Ayurveda Private Ltd.

On 18th March 2026, in a significant step toward strengthening advancing research in natural therapeutics, Chandigarh College of Pharmacy, Landran signed a benchmark Memorandum of understanding with Nath Ayurveda Private Ltd. Patiala, Punjab. The collaboration is primarily focused on promoting natural product drug development, integrating the rich heritage of Ayurveda with modern Pharmaceutical research. Under the MoU, both organizations will jointly undertake research projects work on bioactive compounds derived from natural sources, advanced extraction and characterization techniques, to encourage innovation in phyto-pharmaceuticals. The initiative will also support students and researchers through internships, industrial exposure, and hands-on training in herbal drug development.

Five days' Workshop on Pharmacovigilance and Drug Safety Organized by Chandigarh College of Pharmacy, Landran

Chandigarh college of pharmacy in collaboration with Make intern, E-Cell (IIT Hyderabad), and IIC organized a five-day workshop titled "Pharmacovigilance and Drug Safety" from 16th March to 20th March 2026 at the CCP Auditorium for B Pharmacy, M Pharmacy and Pharm D students. The workshop aimed to create awareness about the importance of monitoring adverse drug reactions (ADRs) and ensuring patient safety. The resource person Md. Hashim Mansoori, delivered an insightful session on the concepts of pharmacovigilance, ADR classification, and reporting systems, including the Pharmacovigilance Programme of India (PvPI). Students actively participated and gained valuable knowledge about drug safety and the role of healthcare professionals in preventing adverse effects. The speaker evaluated the students daily throughout the workshop. On the final day, based on their overall performance, the top five students were selected. These selected students advanced to the next round of the competition. The program concluded with a vote of thanks, appreciating the efforts of the organizers and the enthusiastic participation of the students.

A Student's Industrial visit at Synthimed Labs Private Limited, Mohali.

On 20 March 2026, Chandigarh College of Pharmacy organized an insightful industrial visit for B. Pharmacy 6th semester students at Synthimed Labs Private Limited, Dera Bassi, to provide

hands-on exposure to pharmaceutical unit operations involved in the manufacturing of Active Pharmaceutical Ingredients (APIs). The visit aimed to bridge the gap between theoretical knowledge and industrial practices. During the visit, students gained a comprehensive understanding of the various stages involved in API manufacturing, including raw material handling, synthesis, processing, and packaging. Students visited different sections of the facility, where they observed real-time operations related to API production, semi-formulations, and quality control. The industrial experts explained standard operating procedures, safety measures, and regulatory requirements followed in pharmaceutical manufacturing units. The visit significantly enhanced their understanding of working criteria in various departments and provided valuable insights into industrial workflows.

A Hospital Visit to Indus Multispeciality Hospital Mohali, Pb.

B. Pharmacy Second semester students of Chandigarh College of Pharmacy visited Indus Multispeciality Hospital, Dera Bassi, on 8th and 9th April 2026. The visit was organized to provide practical exposure to hospital pharmacy operations and the overall healthcare environment. During the visit, students observed patient care services, drug dispensing systems, and the vital role of pharmacists in clinical settings. They also gained insights into medication management, prescription handling, and the coordination between different healthcare professionals. The experience offered students hands-on understanding of hospital pharmacy practices and highlighted the importance of pharmacists in ensuring effective patient care. It significantly enhanced their knowledge of prescription processing, drug distribution, and teamwork within a healthcare setup.

Five days International Faculty Development Program on “Transformative Technologies In Pharmaceutical Sciences: A Multidisciplinary Perspective”

Chandigarh College of Pharmacy, Landran successfully organised a five-day Faculty Development Program (FDP) titled “Transformative Technologies in Pharmaceutical Sciences: A Multidisciplinary Perspective” from 22nd June 2026 to 26th June 2026. The program aimed to provide faculty members with valuable insights into emerging technologies, innovative research methodologies, and modern teaching practices in pharmaceutical sciences. The inaugural session began with a warm welcome address by the Director Principal, Dr. Rupinder Kaur Sodhi. She extended greetings to the distinguished speakers and faculty participants while emphasizing the growing importance of innovative pedagogical approaches and technological advancements in pharmaceutical education and research. The keynote address on the first day was delivered by Dr. Parveen Bansal, Dean (R&D), I. K. Gujral Punjab Technical University, Kapurthala, on the topic “Need to Integrate Ancient Traditional Wisdom with Modern Scientific Tools for Developing Transformative Technologies in Pharmaceutical Sciences.” He highlighted the importance of blending traditional medicinal systems with modern scientific innovations to develop sustainable healthcare solutions and promote holistic pharmaceutical practices.

The second expert session of the day was conducted by Mr. Ravinder Gupta, Solution Account Manager-SA/ANZ Life Science-A&G, Elsevier, Gurugram, on “Advancing Pharmaceutical Research through AI and Data-Driven Approaches: A Multidisciplinary Perspective.” He

discussed the transformative role of artificial intelligence, data analytics, and digital technologies in accelerating drug discovery, pharmaceutical research, scientific publication processes, and evidence-based healthcare decision-making.

On the second day, Dr. Neeraj Kumar from Panjab University, Chandigarh delivered an informative session on “Publishing Research in High Impact Journals: From Submission to Acceptance.” He guided participants through various stages of manuscript preparation, journal selection, peer review, and publication ethics. This was followed by an engaging lecture by Dr. Ashok Kumar, Dean Academics, Chandigarh Group of Colleges, Landran, on “Design Thinking with AI in Developing Innovations in Our Teaching Strategies.” His session focused on integrating artificial intelligence with creative teaching methodologies to enhance student engagement, critical thinking, and outcome-based learning in higher education.

The third day featured a lecture by Dr. Sayog Amrunkar, Senior Scientific Manager, Analytical R&D, Biocon Limited, Bengaluru, on “Analytical Considerations for Characterization of Generic Peptide Products: A Regulatory Insight.” He emphasized the critical analytical and regulatory aspects involved in the development and characterization of generic peptide formulations, along with the importance of maintaining quality, safety, and efficacy standards in pharmaceutical products.

Subsequently, Dr. Shivkanya Fuloria, Senior Associate Professor, AIMST University, Malaysia, delivered an insightful session on “AI Tools for Literature Review and Referencing.” She elaborated on the effective use of artificial intelligence tools for systematic literature searches, reference management, plagiarism reduction, and improving the efficiency and accuracy of academic writing and research documentation.

On the fourth day, Dr. Shamsheer Singh, Dean R&D and Head of the Department of Pharmacology, ISF College of Pharmacy, Moga, conducted a highly informative session on “Basic Research Tools: Zebrafish Model Validation as a Novel Approach.” The lecture highlighted the significance of zebrafish models in neuroscience and biomedical research for understanding neurodegenerative disorders and evaluating potential therapeutic agents.

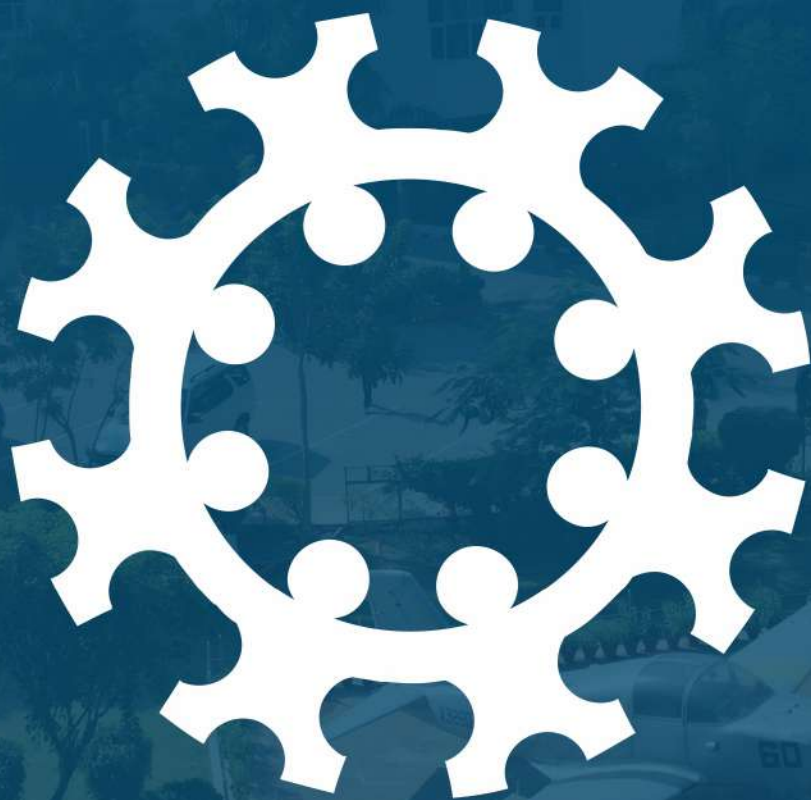

The final day of the FDP featured a lecture by Dr. Amteshwar Singh Jaggi on “Modern Pharmacy Practice: Pathways to Clinical Excellence.” He discussed the evolving role of pharmacists in

patient-centered healthcare, clinical decision-making, and pharmaceutical care practices. This was followed by another enlightening session on “Threads of AI Reshaping Herbal Drug Research” by Professor Dr. Suresh Kumar from Panjab University, Patiala. His lecture provided participants with a comprehensive understanding of how artificial intelligence is revolutionizing herbal drug discovery, phytochemical analysis, data interpretation, and the development of evidence-based herbal formulations using AI tools.

The valedictory session was concluded by Prof. Dr. Supriya Agnihotri, Head of Department, who appreciated the valuable contributions of all the resource persons and emphasized the significance of such academic programs in strengthening faculty knowledge and professional competencies. More than 40 faculty members from the Pharmacy department actively participated in the FDP. Certificates were distributed to all participants at the end of the program. The event proved to be an enriching learning experience and concluded successfully with enthusiastic participation from all attendees.
